FARHAN ALI

MERN STACK / FULL-STACK DEVELOPER | CLOUD & SECURITY PROJECTS

Mardan, Khyber Pakhtunkhwa, Pakistan | +92 346 7846855 | farhan2545426@gmail.com
GitHub: github.com/FARHANALi-DEve | LinkedIn: linkedin.com/in/farhan-ali-985901241/

PROFESSIONAL SUMMARY

Freelance MERN stack developer with hands-on experience building full-stack applications and projects spanning cloud deployment, security-focused development, and generative AI. Experienced with React, Next.js, Node.js, Express, MongoDB, Docker, Google Cloud, and Python.

TECHNICAL SKILLS

Frontend: React.js, Next.js, Tailwind CSS | Backend: Node.js, Express.js, REST APIs | Database: MongoDB

Cloud & DevOps: Google Cloud Platform, Docker, Cloud Functions | Security & AI: Python, security fundamentals, speech recognition, generative AI | Other: Go, networking

PROFESSIONAL EXPERIENCE

Freelance MERN Stack Developer & Cloud Engineer

- Developed full-stack MERN applications and applied secure development practices to application and cloud-deployment workflows.
- Worked with web-application infrastructure, network architecture, and deployment strategies to support scalable systems.

SELECTED PROJECTS

E-Commerce Platform | Next.js | MongoDB

- Built a full-stack online store with a data-driven admin dashboard and payment gateway integration.

Saas Analytics Dashboard | Full-stack | Analytics

- Implemented private user access, database-backed customer management, revenue analytics, CSV export, subscription choices, and responsive layouts.

Go Application On Google Cloud | Go | Docker | GCP | 2026

- Containerized a Go application with Docker and deployed it to Google Cloud Platform.

Voice-Controlled Ai Assistant | Python | Speech recognition | Generative AI

- Developed a Python voice assistant integrating speech recognition and generative AI models.

Password Manager | Security | Data integrity

- Built a password management application with vault metrics and a focus on data integrity and resilience.

SELECTED CERTIFICATES & TRAINING

- Google Cybersecurity Professional Certificate - Google
- Ethical Hacker - Cisco Networking Academy
- Cybersecurity Essentials - IBM
- Getting Started with Large Language Models - IBM
- Google Cloud Skill Badges - Cloud Functions, Speech & Language, Gemini Enterprise App
- Building with the Claude API & Introduction to Agent Skills - Anthropic

EDUCATION

SUCCESS School and College | Intermediate (In progress)
